

PATIENT HANDLING

MATTRESS SOLO

Designed for the evacuation of individuals who would not be able to comfortably get into an evacuation chair

Evacuation mattresses are ideal for medical centres and hospitals, as they cater for complex healthcare needs. E.g. bed-bound and unconscious patients.

The **Mattress Solo** can be fastened to a wall. By opening the zip at the underside of the cover, the **Mattress Solo** slides out and is ready to use. Suitable for places where there is limited space, such as operating theatres.

The **Mattress Solo** is made of fire resistant material that is resistant to blood, urine, acids and alkaline as well.

KEY BENEFITS

- Supplied with a storage cover
- Can be suspended from the wall
- 4 handles at each side

Protection of evacuee/patient:

- 2 body flaps – 1 per side
- Foot bag
- Adjustable headrest

SPECIFICATION
